Dear Parents/Guardians:

The New Jersey Department of Health and Senior Services has mandated that children born after 1997 entering grade six will be required to receive (1) booster dose of the Diphtheria, Tetanus, and Pertussis (DTP) vaccine as well as one (1) dose of Meningococcal vaccine.

In preparation for your child's entry into the 6th grade for the 2018-2019 school year, we are alerting you that your child will be in need of these vaccinations. Please make arrangements with your child's primary care provider for your child to receive these mandated vaccinations. Please have your child's primary care provider complete this form and return it to your child's school nurse. An alternate form of evidence of receipt of the vaccinations that will be accepted is a stamped vaccination record from your child's pediatrician.

Noncompliance with this mandate will result in your child being excluded from school for the 2018-2019 school year until the requirement is met. If you have any questions please contact your child's nurse. Thank you for your cooperation. If you have already submitted this information to the school nurse, please disregard this notice.

Sincerely,

James E. DiDonato
Superintendent

Student: _____

The above named student has received:

1. The DPT booster on _____
(month, day, year)
2. The Meningococcal vaccine on _____
(month, day, year)
